

This precious alchemy of elements comes to life from a solid wood and plywood frame, featuring an elastic webbing suspension system and completely covered in polyurethane foam to ensure ultimate comfort. The balance of its proportions is enhanced by steel feet, available in various finishes.

The sartorial soul of the project is revealed in the quilted seat, made of shape-retaining polyurethane foam covered in polyester fiber and velveteen, while the backrest cushion is luxuriously padded with goose down.

Alchimia is available in both linear and curved versions, and can be upholstered in fabric or leather.
