

The seat rests on a solid wood and plywood base, blending the dynamic support of shape-retaining polyurethane foam with the absolute softness of goose down, encased in a tailored herringbone cotton lining.

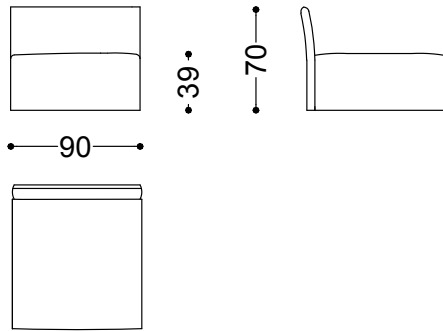

Behind its rigorous geometry lies a sophisticated comfort engineering: a solid wood base works in harmony with the dynamic support of shape-retaining polyurethane, while the cushions, to be laid out like brushstrokes across the canvas of your home, offer the absolute softness of goose down.

Acting as a counterpoint, the backrests and armrests reveal a steel core, shaped to offer a firm yet welcoming support.

Skyline is both available in fabric or leather.

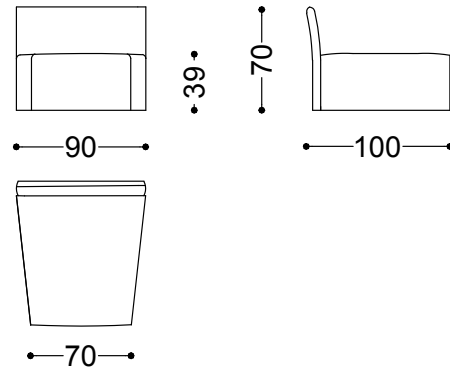

Central unit 35.4"

90x100x70 cm - 35.4x39.4x27.6"
