

Beneath the surface lies a solid wood and plywood frame with elastic webbing, enveloped in multi-density polyurethane foam and polyester fiber. The comfort experience is perfected by the polyurethane seat and premium goose-down back cushion, elegantly encased in a refined white herringbone cotton cover.

Its silhouette can be lifted by an optional steel swivel base. More than a technical detail, this base becomes a dynamic pedestal, allowing the armchair to rotate and shift its perspective within the room.

Musa armchair is available in both fabric or leather.

Swivel armchair

103x107x66 cm - 40.6x42.1x26"
