

The structure is crafted from steel with a seat suspension system of elastic webbing, upholstered in polyurethane foam and covered in polyester fiber. Steel feet with a matte satin chrome finish complete the design.

The seat is padded with virgin goose down, featuring an inner core of non-deformable polyurethane foam of varying densities, and is covered in polyester fiber. The backrest is made of cold-cured foam with a reclining mechanism (excluding the 90-degree corner element). It is made from non-deformable polyurethane foam and upholstered in Piumafill, as is the armrest.

Spazio is available in both fabric and leather upholstery.
