

Dietro la sua superficie soffice si nasconde una struttura rigorosa in legno, cinghie elastiche e poliuretano. La comodità non è lasciata al caso: i cuscini seduta in poliuretano e piumafill e lo schienale in piuma d'oca con inserto in poliuretano garantiscono un'ergonomia impeccabile.

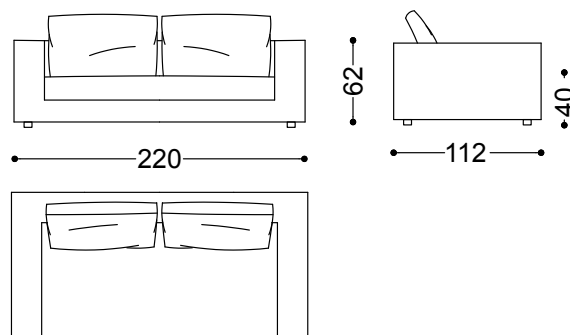

Flora è realizzabile in tessuto o pelle.

Flora può essere realizzato anche con profondità ridotta di 5, 10 oppure 15 centimetri.
