

L'abbondante piuma d'oca presente in sedute, schienali e braccioli smussa le geometrie del divano, restituendo una sensazione di morbidezza assoluta e avvolgente. La sua struttura è in legno massello con molleggio a cinghie elastiche, supportata da un'imbottitura in poliuretano espanso indeformabile a densità differenziate.

Bloom è realizzabile in tessuto o pelle.

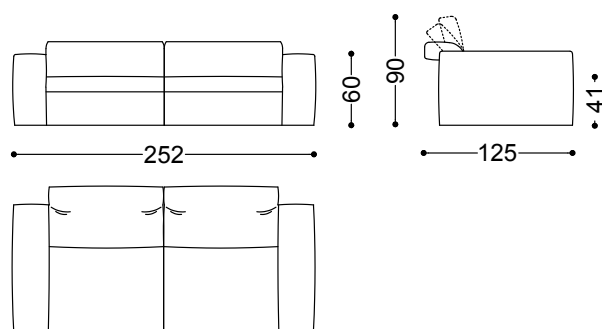

Divano 3 posti cm.222 (2 laterali cm. 111 sx + dx)
